

EXECUTIVE OFFICE OF THE PRESIDENT  
OFFICE OF NATIONAL DRUG CONTROL POLICY  
Washington, D.C. 20503

May 28, 2015

Mr. Leonard Campanello  
Police Chief  
Gloucester Police Department  
197 Main Street  
Gloucester, MA 01930

Dear Chief Campanello:

It was a pleasure meeting with you on your recent trip to Washington, DC. I appreciate your efforts to help people with substance use disorders get into immediate treatment without fear of incarceration, and increase access to naloxone. This is critically important as fewer than 20% of people who need treatment for substance use disorders ever enter treatment.

As you know, ONDCP's mission is to reduce drug use and its consequences - supporting a balanced approach to public health and public safety. So, partners like you and your officers help to advance our shared mission.

Thank you for your leadership and for the outstanding work you and your officers continue to do.

Sincerely,

Michael P. Botticelli  
Director
