May 15, 2015

To whom it may concern,

The Essex County Chiefs of Police has learned of the Gloucester Police Department's alternative methods for combating the opiate crisis that we see all around the Commonwealth. We are endorsing the Gloucester program and look forward to exploring similar methods that fit the needs of our individual communities in order that we may join in the commitment to end opiate addiction by approaching the issue from diversionary police practices.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Picariello", written in a cursive style.

Chief Robert Picariello
President
